

QMat Mini-Symposium

New trends in Brownian mechanics – from classical to quantum

Wednesday, September 28th, 2pm

*Auditorium, Institut de Physique et Chimie des Matériaux de Strasbourg,
Cronenbourg Campus*

14:00 Yael ROICHMAN, Department of Physical Chemistry, Tel Aviv University –
Title to be announced

14:45 Antonio STOCCO, Institut Charles Sadron, Strasbourg – *Dynamics of a
hard colloid interacting with a soft membrane*

15:30 Coffee break

15:45 Vincent HARDEL, Institut de Physique et Chimie des Matériaux de
Strasbourg – *Quantum mechanics as Brownian motion*
